CALL FOR PAPERS
=====

**IEEE 8th International Black Sea Conference on Communications and Networking
(IEEE BlackSeaCom 2020)
Special Track: RECENT RESULTS IN WIRELESS COMMUNICATIONS**

26-29 May 2020 // ONLINE due to COVID-19 (Odessa, Ukraine) || Fully sponsored by IEEE ComSoc

<https://blackseacom2020.ieee-blackseacom.org/>

=====
The health and well-being of BlackSeaCom attendees are of our highest priority. Based on the current health situation around the world, we will deliver IEEE BlackSeaCom 2020 ONLINE.
=====

The IEEE BlackSeaCom series of conferences are held in the countries surrounding the Black Sea. The goal of BlackSeaCom is to bring together visionaries in academia, research labs and industry from all over the world to the shores of the Black Sea. Here they will address many of the outstanding grand challenges that exist in the areas of communications and networking while having an opportunity to explore this exciting and dynamic region that has a rich history. The 2020 edition of this conference series initially planned to be in beautiful Odessa, Ukraine on 26-29 May 2020 will be held online because of the COVID-19 pandemic.

For the RECENT RESULTS IN WIRELESS COMMUNICATIONS Track, we seek original, completed and unpublished technical papers not currently under review by any other journal, magazine or conference. Topics of interest for submission include, but are not limited to:

- Software-Defined Networks, Network Virtualization, and Network Slicing
- Wireless Communications for Cloud, Edge, and Fog
- Social networking, connected health and multimedia communications
- Mobile Communications and Networking
- Artificial Intelligence, machine learning, and data analytics in wireless communications and networks
- 5G and beyond Mobile Systems
- Wireless Internet of Things and Sensor Networks
- Smart grids, M2M and Vehicular Networks
- Testbeds of Wireless System
- Security, Privacy and Trust in Wireless Networks
- Drones, UAV, V2X communications
- Cyber-Physical system designs and applications
- Tactile Internet, Ultra-Reliable Ultra-Low Latency Communications

=====

Paper Submission

=====

Please use the Standard IEEE conference templates for LaTeX formats, which are found under the Author Guidelines menu in the conference web site. You may also use one of the following templates for Microsoft Word: A4, US letter. Only PDF files will be accepted for the review process, and all submissions must be done through EDAS.

Papers cannot have plagiarized material and should not have been submitted to any other conference at the same time (double submission).

TO SUBMIT A PAPER:

From the Call for Papers, find the topic under “Technical Scope” that best matches your paper and, list the topic name under Keywords within your paper. Use the following link: <https://edas.info/newPaper.php?c=26933&track=99930>

=====

Important Dates

=====

Technical Papers (Recent Results in Wireless Communications Track):

Submission deadline: April 12, 2020

Notification of acceptance: April 22, 2020

Camera-ready papers (and authors registered): April 30, 2020

PLEASE NOTE: To be published in the IEEE BlackSeaCom 2020 Conference Proceedings and to be eligible for publication in the IEEE Xplore, an author of an accepted paper is required to register for the conference at the full (IEEE member or non-member) rate and the paper must be presented by an author of that paper at the conference. The accepted papers will be submitted for indexing to ISI, SCOPUS, and Google Scholar. Non-refundable registration fees must be paid prior to uploading the final IEEE formatted, publication-ready version of the paper. For authors with multiple accepted papers, one full registration is valid for up to 3 papers. Accepted and presented papers will be published in the IEEE BlackSeaCom 2020 Conference Proceedings and submitted to IEEE Xplore
